Hi Nic,

It was great meeting you today! I was curious if you could send me a couple proposals.

Cahuenga Blvd. has 17 palm trees on both sides of the block from Selma St. south to Sunset Blvd. I would love to know what it would cost to light these trees (installation included) with RGB lamps and mini lights like we did for the Blvd.

I'd also like a proposal to install just the mini lights on the 17 trees, with no RGB lamps.

Would love to discuss with you if you would like a little clarity or have any questions.

Thank you and I will talk to you soon!
